CHALLENGES AND OPPORTUNITIES - 17 April 2008 - Balalaika Hotel, Sandton

The fast growing real estate market in Mozambique creates many opportunities for investors, developers and service and good providers in this sector.

New Time Share and Fractional Title legislation came into force in Mozambique at the end of 2007, providing for the first time the legal framework for establishing Time Share and Fraction Title in Mozambique. SAMOZACC in association with Tourconsult Mozambique is hosting informative and networking workshop, sponsored by **Dennis Reitz Attorneys** and **Rani Resorts** to provide insight into the concept, legal framework, specifics and opportunities that this development creates. Guest speakers are Dr. Helder Chambal, Deputy Director of the National Tourism Board in Mozambique, Dr. Jorge Graça, manager partner and attorney at MGA (company that drafted the Law), Taciana Lopes – Senior Legal Advisor of MGA, Andre Bembridge from Dennis Reitz Attorneys and Rui Monteiro – General Manager of TurConsult, Tourism Consultancy in Mozambique.

I am seeking a good employer for my empregada.

Tracey is a loving lady with sound values and a caring nature.

She has worked for us, for just over a year, during which she has managed the house work, looked after my two kids and cooked on occasion.

She has never been late for work, and uses good judgement when foreseeing transportation problems.

She speaks, reads and write good English, Portuguese and Shona. She is confident in dealing with the repair men, water company and knows her way at the Border post.

She is honest and trustworthy. Her good sense of humor and smiles have help me through sad days.

She will be available for employment from the end of July 2008.
